Dear Senator,

1. I emailed all the Senators and TDs in the Present Dáil ( with the exception of and apologies to Paul Murphy TD and anyone else not included in the 2011 spreadsheet on the [gov.ie](http://gov.ie) site) back in December the 19th 2015 inviting you each to sign up to ISO-Halo 2016 Citizen-Led Campaign to ReBuild Public Trust in Politics.
2. You can view your original email [HERE](#). (I apologise, in advance, if I have omitted to include any Senator in this email and I will readily publish on the website an apology if you bring my mistake to my attention.)
3. To date, only One Solitary TD has committed to the Seven Nolan Principles of Ethics in Public Services, Emmet Stagg of Labour (See his signed form [HERE](#)) an elected TD since 1987.
4. As usual, a small number of Senators sent robotic acknowledgments which were

then not followed up with action.

5. Surely, the level of cynicism towards the Public has not sunk so low that out of 226 elected TDs and Senators in the present Oireachtas, only One Man, Emmet Stagg and not a single Woman has seen fit to show Leadership (one of the 7 Principles) by proactively signing and promoting the ISO-Halo Principles.

6. How can any of you be surprised at the low level of trust and regard which the voters have in Politicians if you, yourself, personally do not lead by example.

7. Where are signed forms for those of you who are outspoken critics of cronyism and corruption in Politics?

8. As we are probably in the last week before the General Election is announced, I am calling on you to do your Civic Duty and commit formally to Ethical Politics which will produce a Trust Dividend to both our Community and to our Economy.

**For your information I include the content of my previous email, below:-**

- . As an elected Public Representative you are aware of the damage to the Public trust of the recent RTE Documentary re Political corruption.
- . You can show personal Leadership in joining the process of rebuilding trust in the political process!
- . Please read the Nolan ISO-Halo principles (in the attached PDF doc). If you agree with them, and you intend to stand in the forthcoming General Election. I exhort you to:-

1. Sign the form and publish it on your website for the forthcoming General Election. (Please email a copy of your signed form, to ensure it survives any possible future data loss on your site).
2. Embed the link to the Form [HERE](#) for your constituents to download.
3. Be proactive in your campaigning in offering to sign these forms for voters.
4. Challenge other candidates to sign up to a sustainable public Ethics Standard.

Beir Bua,

Liam Ó Gógáin

**PS:-** In fairness to Paul Murphy TD who I had mistakenly not included in the original email, he has, once ISO Halo was brought to his attention, immediately committed to sign up and forward his form so it will be uploaded.
